G.A.M. 2015 Convention in Vernal on Saturday, August 15th

G.A.M. (Games, Anime, and More) will be a fun event in Vernal, Utah for fans of video games, table-top games, anime, manga, music, and Japanese pop culture!

G.A.M. is similar to other hobby-focused conventions such as Salt Lake Con Comic (now called "Fan Xperience") and Los Angeles's Anime Expo. G.A.M.'s specific focus is on games, cartoons, and comics. It has a special emphasis on those originating from Japan which are available in the United States whether subtitled or dubbed in English. In general though, G.A.M. also embraces similar hobby interests such as science fiction and fantasy. The convention will be appropriate for all ages and most audiences, with a target demographic of males and females aged 16 – 25 years old - though of course we welcome people of all ages and backgrounds. We expect a turnout of approximately 200 people based on attendance for similar conventions in Utah!

- Anime video screenings
- Video game free-play
- Game tournaments
- Discussion panels
- ...and more!
